✓ : Operable

— : Not operable

Notes

- Since Bluetooth is wireless communication, there may be cases where normal communication is not available depending on signal quality.
- Mobile phone models with initial software version listed here have been tested and proven compatible by JVC as of February, 2008.
- If any modification has been applied to the mobile phone after our test, available functions may be different from the content listed here.
- Compatibility status shown above is applicable to the unit that we have used for the test.
- This does not guarantee that all units of the same mobile phone model will offer the same result.
- Some functions may require operations from the mobile phone. Refer to the mobile phone's instructions for details.
- Model names or model numbers are trademarks or registered trademarks of their respective holders.
