JVC Introduces Dedicated DVD Writer CU-VD10 for Everio

Connect with Everio*¹ to Easily Create DVDs *without* a Personal Computer

Victor Company of Japan, Limited (JVC) announced the release of the dedicated DVD writer CU-VD10 for easy and speedy transfer of video from the Everio GZ-MG77 (hard disk capacity of 30GB) and GZ-MG67 (hard disk capacity of 20GB) to a 12-cm DVD. Use the USB cable provided to link the DVD writer directly to Everio*¹ to easily create original 12cm DVDs. Record footage on the Everio's built-in hard disk, and then save it to DVD— to enjoy a whole new camcorder lifestyle from JVC.

Product description	Model	MSRP (Yen: Tax Included)	Release Date	Monthly Production
DVD Writer	CU-VD10	Open	Middle of March	4,000 units

CU-VD10

Connecting image of Everio and CU-VD10

Main Features

1. Connect directly to Everio*¹ for easy creation of DVDs without use of personal computer

Use the USB cable provided to link the DVD writer directly to Everio*¹, using simple commands on the Everio*¹ unit to create original DVDs. A wireless remote controller is also provided with Everio*¹ for even more convenience.

*1 CU-VD10 supports Everio GZ-MG77 and GZ-MG67.

2. Watch original DVDs on Everio*¹ LCD monitor

Watch the original DVDs on the Everio*¹ LCD monitor, or on a TV monitor*² connected to an Everio*¹.

*2 CU-VD10 cannot be connected directly to a TV monitor.

3. Use as external DVD drive for personal computer*³

Data writing software provided with the DVD writer enables it to be used as an external drive for a personal computer*³. DVD disk creation software included with Everio*¹ can also be used.

*3 Compatible Operating Systems:

Windows® XP Home Edition/Professional, Windows® 2000 Professional SP4 (Pre-install version)
