3. Reasons for Revisions

JVC is currently moving forward with a voluntary restructuring plan, Action Plan 2007, which was announced on July 24, 2007. As one of the measures contained in the plan, reforms were made to the employment structure (original forecast: approx. 11.0 billion yen, revised forecast: approx. 13.6 billion yen), which caused a temporary increase in costs. This factor and the impact of reversing deferred tax assets (approx. 10.5 billion yen) have led the company to revise its performance forecasts for the full-year to March 2008.
